## PERSISTEND COLLECTON MATCHING

```
public function getExpertScientists()  
{  
    $criteria = Criteria::create()  
        ->andWhere(Criteria::expr()->gt('yearsStudied', 20))  
        ->orderBy(['yearsStudied', 'DESC']);  
  
    return $this->getGenusScientists()->matching($criteria);  
}
```
